'The company's organic (like-for-like) growth continued to increase in 2015. The first half of 2015 in Germany and Austria in particular as well as the sharply increasing growth in the Benelux contributed significantly to this. Beter Bed Holding was able to further improve its market position in almost all countries. In 2015, the new strategy 2016-2020 ('From Good to Great') was developed in order to strengthen the attraction power and transaction power of the various formulas in the coming years. The spearheads of this strategy are customer satisfaction, innovation, omnichannel e-commerce, IT systems, logistics, expansion and acquisitions.

Key figures for the four quarter results

(in millions of € unless stated otherwise)

	2015 Q4	2014 Q4	Change
Revenue	102.9	99.6	3.4%
Gross profit (%)	60.6	58.8	
EBITDA	14.9	12.2	22.0%
EBIT	12.7	10.5	20.2%
Net profit	9.3	7.5	23.9%

Fourth quarter of 2015

Group revenue at comparable stores rose by 2.2% in the fourth quarter. There was a strong increase in the Netherlands especially, where like-for-like revenue on the basis of order intake increased by 17.7%. In Germany like-for-like revenue decreased 3.6% due to a challenging basis of comparison (like-for-like revenue growth in Q4 2014: 11.5%). In Spain and Austria, like-for-like revenue was also subject to pressure due to a challenging basis of comparison. Like-for-like revenue rose in Belgium and Switzerland.

Total revenue increased by 3.4% to € 102.9 million in the fourth quarter. At 60.6%, gross profit was higher in this quarter than in the same period in 2014. The increase was partly attributable to improved purchasing conditions and higher supplier bonuses.

Expenses rose by 3.5% to € 49.7 million in the fourth quarter. This increase of € 1.7 million was caused on the one hand by expansion, as a result of which the average number of stores increased by 1.8%, and on the other by higher marketing spending in Germany, higher depreciation as a result of the investment programme in particularly the shops, rising logistics costs owing to the revenue growth and higher overhead costs due to expansion of the e-commerce activities.

EBITDA rose to € 14.9 million. Operating profit (EBIT) increased to € 12.7 million in the fourth quarter. Net profit for the fourth quarter of 2015 totalled € 9.3 million (Q4 2014: € 7.5 million).

Revenue increased in 2015 by 5.9% to € 385.4 million. Revenue in comparable stores rose by 5.4% in 2015.

Revenue performance per country in 2015 was as follows:

Netherlands	5.5%
Germany	4.5%
Austria	15.4%
Switzerland	10.2%
Spain	8.4%
Belgium	28.8%

All countries of the group achieved revenue growth. In Germany, the Netherlands and Belgium, this was mainly attributable to like-for-like growth. In Austria, due to the acquisition of BettenMax, and Spain revenue rose as a consequence of expansion in combination with like-for-like revenue growth. Switzerland reported lower revenue on a like-for-like basis, caused by the economic conditions (as a result of the revaluation of the Swiss franc).

Gross profit as a percentage of revenue was 57.7% in 2015, up from the same period in the preceding year (2014: 57.3%). The increase was partly attributable to improved purchasing conditions, year-end bonuses and responsible price increases.

Total expenses rose from € 185.6 million to € 191.5 million. This 3.2% increase was largely attributable to higher depreciation resulting from the investment programme launched in 2014 and higher marketing spending, mainly for preparations for the relaunch of the Matratzen Concord formula. In addition, staff costs rose due to higher staff deployment and the pay-out of higher bonuses as a result of the higher revenue. The higher revenue also led to higher logistics costs. Lastly, overhead costs rose due to expansion of the e-commerce activities in particular.

The average number of stores fell by 1.5%. Owing to this decrease and the cost increases referred to earlier, average costs per store rose by 4.6%.

EBITDA rose by 31.4% to € 41.1 million in this period. EBITDA as a percentage of revenue increased from 8.6% to 10.7%.

Operating profit increased by 33.2% to € 30.7 million in this period. Operating profit as a percentage of revenue rose from 6.3% to 8.0%.

Net profit for 2015 increased by 33.8% from € 16.9 million to € 22.6 million. Earnings per share for 2015 were € 1.03 (2014: € 0.77).

Investment and cash flow

Investments amounted to € 16.0 million in 2015 (2014: € 13.2 million). Investments in stores were € 8.9 million in 2015 (2014: € 10.8 million). Beter Bed also acquired a logistics centre that had previously been rented for € 2.5 million. The remaining amount was invested primarily in IT and to a lesser extent in other operating assets.

Solvency

Solvency amounted to 57.5% on 31 December 2015, compared to 58.6% on 31 December 2014.

Operational

In 2015, 95 stores were opened and 63 stores were closed. The growth of the number of stores was mainly attributable to the acquisition of BettenMax at the end of 2015. At year-end 2015, the group had a total of 1,159 stores.

Matratzen Concord

Revenue of the cash & carry formula Matratzen Concord for 2015 totalled € 262.2 million (68.0% of total group revenue). This is an increase of 5.2% compared to 2014. Revenue at comparable stores grew by 3.1%. Within revenue of this formula, 85.0% was achieved in Germany and 15.0% in Austria and Switzerland.

Beter Bed

This formula operates in the Netherlands and Belgium. The number of Beter Bed stores increased by three. Revenue grew from € 91.3 million to € 101.3 million in 2015, up 10.9%. Order intake in comparable stores rose by 11.6% in 2015. Beter Bed contributed 26.3% to the total group revenue.

Other formulas

The revenue of the other formulas amounted to € 22.0 million for 2015, contributing 5.7% to the total group revenue. This includes the revenue of the store formulas Beddenreus (Netherlands), El Gigante del Colchón (Spain) and the wholesaler DBC. The revenue of the other formulas is lower than in the preceding year as a result of the closure of Slaapgenoten during 2014.

Outlook 2016

The outlook for 2016 is positive. The economic outlook and the development of the housing market (at low mortgage interest rates) continue to appear to be favourable, despite a number of uncertainties. Building on the results of the measures put in place in the past few years, steps will be taken to continue like-for-like growth and to ensure that the formulas remain contemporary. To achieve this, a new strategic plan was formulated in 2015 for the period 2016-2020, named 'From good to great'. The primary focus in that plan will be on innovation and maximum customer satisfaction in an omnichannel environment. Expansion will also be a priority, in order to further strengthen the position of our formulas in the various countries.

Dividend

Beter Bed Holding N.V.'s dividend policy is aimed at maximising shareholder return while maintaining a solid capital position. The company aims to distribute at least 50% of its net profit to the shareholders provided that its solvency is not less than 30% and the net interestbearing debt/EBITDA ratio does not exceed two.

In November 2015 the company paid an interim cash dividend of € 0.39 per share.

A proposal will be submitted to the Annual General Meeting of Shareholders, scheduled for 19 May 2016, to distribute a final cash dividend of € 0.48. This brings the dividend for 2015 to € 0.87 per share (2014: € 0.65 per share) and 85% of net profit will be distributed to shareholders.

Auditor's report

The financial information in the appendices is taken from the consolidated financial statements of Beter Bed Holding N.V., which will be submitted for adoption to the Annual General Meeting of Shareholders on 19 May 2016, and for which an unqualified auditor's report has been issued by the independent auditor.
